About Us

Permanent Flower Intl Co., Ltd.(permanentflower.com) is a subsidiary of Derong Limited. It was founded in 2013 and is based in China. Our company specializes in producing preserved flower materials and gifts. With a self-built flower planting site and production factory, we produce approximately 20 million flowers annually, which can be supplied globally.

We pride ourselves on using high-quality flowers and employing special processing techniques to preserve the color, shape, and texture of fresh flowers for a long time. Our preserved flower materials are suitable for various occasions, including weddings, celebrations, home decor, and more.

We offer both pre-designed and customized preserved flower gifts, focusing on the design and packaging of the gift, which not only displays the beauty of preserved flowers but also conveys your intentions to the recipient.

Our company values quality and innovation, and we are committed to providing our customers with long-lasting beauty and making preserved flowers a carrier of beautiful memories. We are dedicated to becoming a leading player in the preserved flower industry, and we strive to continuously improve our products and services to meet the needs of our customers.

After-sales Service

After-sales service for wholesale customers

We provide comprehensive after-sales service to our wholesale customers. If any of the following issues arise, we will actively resolve them:

If the product has quality problems, Within the after-sales validity period (normally glass dome product gurantee 5 years, rose box gurantee 1 years), the customers can request a return or exchange of the product, and provide relevant supporting materials. We will bear the cost of the return or exchange.

If the product is damaged or lost during transportation, according to the cooperate terms (FOB/EXW/CIF terms and so on), customers can contact us within 48 hours of receiving the product, and we will assist customers in handling it and assume related responsibilities as appropriate.

After-sales service for custom customers

For custom customers, we provide the following after-sales service:

Once the custom product is produced, it cannot be returned or exchanged. Customers need to confirm the order content and quantity carefully.

If there is a product quality problem caused by us, customers can request a return or exchange within 7 days of receiving the product, and provide relevant supporting materials. We will bear the cost of the return or exchange.

The production time for custom products is generally around 15 working days. If there are any changes, we will notify customers in a timely manner. Customers need to confirm and agree to the changes before we can continue the production.

The above after-sales terms are for reference only, and specific terms may be modified and adjusted according to actual situations or contract. We will always put customer needs first and provide high-quality and thoughtful after-sales service.
